We, the undersigned representatives of various regional associations and native groups, do hereby agree that in order to advance a land claims bill in the best interest of all natives of Alaska do adopt the following policy concerning attorney relationships in advancing these claims:

1. The General Counsel of the Alaska Federation of Natives will, on advise of an executive group named by the AFN board of directors, make policy decisions affecting the overall claims settlement.
2. The various attorneys representing associations and ICC claims groups will advise their constituent groups but will coordinate their efforts, whether they be lobbying or public statements, through the General Counsel.
3. Power of General Counsel - He shall have the final decision respecting matters of strategy, including the relation of the special groups and with the General Counsel as may be determined by him.
