Language, Curriculum & Assessment Class

GUEST PRESENTERS

Chrisann Justice & Beverly Hugo

The North Slope Borough School District Iñupiaq language teachers trained with Dr. Stephen Grey-morning on the ASLA method (Accelerated Second Language Acquisition) in 2005. From that point forth they began to transition from old teaching materials to using the ASLA method. Chrisann Justice develops and prepares materials for all of the Iñupiaq classes. Beverly Hugo is the Iñupiaq teacher at Hopson Middle School in Barrow, Alaska where she teaches approximately one hundred students every day. Her students are some of the most successful Iñupiaq students on the North Slope. Chrisann and Beverly will share how they have adapted the ASLA method and materials to motivate and encourage students in their learning journey.

FEBRUARY 27-28, 2012
