

Berry Bush Sort

Sort the “berries” to match the colors on the bushes!
Play with the puffballs, and Raven puppet. The more interactive you are with your child, the more engaged in play they may be.

- Meet your child where they are. Free play is full of as many (or more) learning opportunities as a structured activity.
- Can your infant pick up a small puffball, or a large one? Observe what they can do.
- Have your toddler attempt to match colors.
- Ask your older child to sort them by color.
