

What is "Any Given Child?"

Juneau is fortunate to be one of 20 Kennedy Center *Ensuring the Arts for Any Given Child* sites nationwide. Any Given Child Juneau uses a collective impact approach of involving local arts organizations, businesses, government and community members to increase student access to arts education. This collaborative effort seeks to align efforts in assisting the Juneau School District with enriching arts learning through student opportunities, professional development for teachers and community awareness.

Arts Excursions: every student will have equitable exposure to quality arts experiences in Juneau across all art forms throughout their K-8 grades

We are thrilled to continue offering annual local "Arts Excursions" to Juneau School District students, beginning with grades 2, 5 and 8 in the 2016-17 school year.

Arts Excursions are facilitated and sponsored by *Ensuring the Arts for Any Given Child* Juneau
