## LECTURE: Practical, Scientific Use of Photogrammetry in Cultural Heritage

A presentation by Cultural Heritage Imaging

Saturday, Sept. 21, 9:30 am-12:30 pm

Shuká Hít (Clan House), Sealaska Heritage,  
105 S. Seward St. Juneau, Alaska

---

Photogrammetry refers to the practice of deriving 3D measurements from photographs. In this free three-hour session, Cultural Heritage Imaging will present 3D examples, discuss the core principles of photogrammetry, show equipment requirements, and demonstrate the image capture of a subject using the technique. Opening session for a longer course.
