UNIT 11

Review 8-10
Teacher’s Notes

This unit is meant for extra practice with units 8-10: “animals,” “birds,” and “home.” Use the selected vocabulary words or others that students had difficulty with. All future cycles build upon these vocabulary words. Knowing them well and committing them to long-term memory will help students concentrate on the new Tlingit vocabulary they will encounter in Cycles C-Advanced C. The lessons and the SSM follow the DLP format and begin with Basic Listening and Basic Speaking, before Reading and Writing are introduced. The SSM includes images, student worksheets and assessments for these three units. Encourage students to listen to the audio recording of a fluent speakers saying the words, sentence and dialog.

Teacher's Notes

The review unit gives an added opportunity for more practice with the verb patterns introduced in units 8-10. The verb phrases are for cleaning up, seeing, and hearing. If these selected sentences are not the ones you think the students need, select other sentences based on your students’ progress. Notice that all of these verbs are in the third person (he/she/it). Encourage students to listen to the audio recording of a fluent speaker saying the words.

Teacher's Notes

This review unit gives students more practice with the vocabulary in units 8-10. Choose sentence patterns for review that seem to be most troublesome for students. You can substitute almost all of the vocabulary words from the three units with this question, _______________ ákyá?: Is this a ______? Students can respond with Aa.á or Tléik’: __________ áwé: No, this is a __________.
Encourage students to listen to the audio recording of a fluent speaker. As in the other units, move on to the next cycle if students learn the material quickly.

Vocabulary Cycle A Advanced

Teacher’s Notes
This review unit gives another opportunity to help students commit the phrases to long-term memory. Use these sample sentences or others from units 8-10, depending on which verbs seem most troublesome to your students. Encourage the students to listen to the audio recording of a fluent speaker saying the sentences. If students learn the material quickly, move on to the next cycle.
